PROVEN PERFORMANCE IN CONTRACT MANAGEMENT

D&D has consistently demonstrated our ability to manage Prime contracts. The Company has maintained a solid history of outstanding on-time and acceptance ratings with Boeing as a Gold/Silver Supplier and from the US Air Force. We have received Boeing Supplier Excellence Awards consistently since 2012.

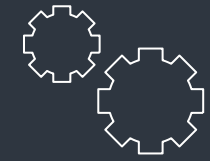

The Company has authored and performed many First Article Test Plans as required by customer contracts. We are also very familiar with AS9102 First Article Inspection requirements. And as an ISO-9001 Certificated business, we have performed First Article Inspections for Boeing, BAE and Department of Defense agencies.
